- **Mission:** Our foundation has a three-fold mission:
 - 1) fund promising Ewing's sarcoma research,
 - 2) award college scholarships to young adults who have battled Ewing's sarcoma,
 - 3) provide assistance to families and teens battling cancer today, through monetary donations, spirit-lifting packages, and through Anna's Closets – providing gifts for teenage cancer warriors.

DETAILS ON WORK COMPLETED AND TEAM INFORMATION

- Last minute addition, our first discussion was Thursday evening.
- We attempted to restore a backup of the site for dev but there were challenges restoring to Windows from Linux.
 - We ran into an error where IIS didn't like some files that have reserved characters in them like) or (.
 - We could not build the dev site within our timeframe.
- The website is a VM on a server in a private company with a lot of security so accessing the code to change the site was interesting.
- We had to take down the live site and make the changes there instead of the dev environment.
- Added a video gallery, attended Copyright school through YouTube
- Resolved multiple issues with the editor
- Added social media integration

[DONATIONS AND GRANTS](#)

Blue In The School is a series of life skills development training that can be integrated into the existing school curriculum. It is taught by uniformed Dallas police officers thus allowing students the opportunity to view officers as a source of information and help. Students will be prepared for the opportunity to recognize and resist peer pressure and not fall into negative behavior. The officers will help the students develop communication and other interpersonal skills that promote healthy positive lifestyles.

The Dallas Police Explorer Program is designed to further Explorers' education, encourage their participation in a wide variety of service activities, and prepare them for future roles as citizens, community members, leaders, and police officers. It builds individual character, develops leadership skills and encourages an appreciation for community service and good citizenship.

Welcome to the Dallas Police Youth Foundation

The Dallas Police Youth Foundation was founded by members of the community who want to help the Dallas Police Department reach the youth of Dallas.

The mission of the Dallas Police Youth Foundation is to support the youth outreach efforts of the Dallas Police Department as they engage and mentor our kids to become future community leaders. DPD youth programs include: Dallas Police Athletic League, Blue In The School, Junior Police Academy and the Dallas Police Explorer Program.

DPYF helps promote the youth outreach efforts of DPD by searching for community partnerships to expand its programming and seeks funding to continue to grow the existing programs.

The Dallas Police Youth Foundation is a 501(c)(3) non-profit. We pay no salaries.

Police Athletic League is a youth crime prevention program that utilizes educational, athletic and recreational activities to create trust and understanding between police officers and youth. It is based on the conviction that young people if they are reached early enough can develop strong positive attitudes towards police officers in their journey through life toward the goal of maturity and good citizenship.

The Junior Police Academy immerses the young attendees in a day of challenges as they are shown, through hands-on participation, the numerous aspects of the Department. The kids are provided tools to help them stay away from gang activity and alcohol and other drug use, in addition to other vital social skills. The program reinforces positive lifestyles and encourages participants to not only complete their education but to use that education to benefit their community.

WHO WE ARE

Our mission is to provide empowerment, resources and leadership opportunities to our next generation of leaders, from all walks of life to believe, to achieve and to succeed.

CHILD EDUCATION

The Ikandy Foundation provides one-on-one literacy tutoring to at risk children struggling to make literacy gains at school. We provide Camps to fast track literacy learning's for significantly disadvantaged students.

POVERTY ALLEVIATION

The Ikandy Foundation addresses urban poverty through water, health, and sanitation projects in Africa. We also purpose to create the foundation for economic growth through the development of small business and micro finance initiatives.

YOUTH SPORTS

Youth sports build more than just muscle. They help children acquire necessary social and leadership skills. The goal of our program is to identify and develop the rare talents of children.

CHRISTIAN EDUCATION

The focus of this program is in developing the children's experience of God's love as they grow in their knowledge of the Christian faith. They will learn how to proclaim their faith and will learn new ways to serve God in the church and in their local and international communities.

Mission:

Lovepacs is powered by an active, local, volunteer community that donate time, talents and financial support to provide food to children in need. We do this by partnering directly with school counselors. We specifically target the need and gaps left by other programs during extended breaks such as Thanksgiving, Christmas, Spring Break and summer months.

Original Need:

- Improved way to take payments to include ability to have separate donation pages/forms for each location
- Updates to current website- links to Facebooks pages for promotions and mobile friendly
- Inventory system

“I want to empower and motivate the scholars I serve through Communities In Schools(A national dropout prevention program), I wanted to help others the way I had been helped! I don't think I would be where I am today without rainbow days!”

Aundraea

“Rainbow Days group was really helpful for me because it wasn't only talking about drugs and alcohol. We got to learn about our feelings and ways that we can handle our feelings even when we're mad. We got to learn about ourselves and our dreams and about each other.”

Maria
Marsh Middle School

“However imperfect my life is... I'm nearly 30, have never been in trouble with the Law, nor am I an addict. I'll always look fondly upon the time I spent with you. I just wanted to thank you for what you did, it means a lot to me. You're good people. Keep up the good work, I'm sure it also means alot to a bunch more people out there.”

[Meet the Kids](#) [Volunteer](#) [Donate](#) [More Ways to Help](#) [Our Services](#) [About Us](#)

Last year nearly 1,300 volunteers contributed over 5,300 volunteer hours. For the last 31 years, volunteers have always been a critically important part of Rainbow Days. You are the cog in our wheel that keeps us rolling, the wind beneath our wings and the shoulder to lean on when times get tough. Whether you have volunteered one time or for multiple years your contributions have been impactful beyond words.

When you volunteer with us, you can:

- Work directly with children, youth or parents
- Assist with preparing for groups or special events
- Share skills and develop new ones
- Receive valuable experience
- Make a difference in the lives of at-risk and/or homeless children!

Thank you to our volunteers!

STC Programs: Research: Costa Rica Tag Returns

Green turtles were first tagged with flipper tags at Tortuguero, Costa Rica in 1955. Since then, almost 48,000 sea turtles have been tagged at Tortuguero. Some of these turtles have been recaptured by fishermen and others away from the Tortuguero nesting beach, providing us with useful information about sea turtle migrations and emphasizing the shared nature of the sea turtle resource.

Today, sea turtles are tagged at many projects throughout the Caribbean. Collaboration between conservation organizations in Costa Rica is demonstrated by the leatherback tag return map that includes information from four tagging projects. Although flipper tagging has helped us to learn much about sea turtle migration, [satellite telemetry](#) has to be employed to find out the exact movements of sea turtles after they leave the nesting beach.

Location of green turtle tag returns from STC's tagging program in Tortuguero since 1955

ABOUT SEEDS TO STEM

Seeds to STEM is a newly founded non-profit organization where our sole mission is to Educate to Innovate. At Seeds to STEM, it is our goal to resolutely and successfully evaluate, educate, and develop students for study in the areas of science, technology, engineering, and mathematics. This is done by granting exposure and raising awareness to students of underserved communities in Dallas, about the critical role that STEM education plays in preserving the fabric of the U.S. economy. Seeds to STEM believes that our nation must improve the way our minority students encounter science, technology, engineering, and mathematics. Additionally we fully recognize the important role that the business, education, and STEM communities play in our efforts to make a positive impact on our community.

We are inviting you to join us in our efforts to change the lives of our Seeds to STEM scholars. Our fundraising goal cannot be accomplished without your generous support!

4. Reports

This screenshot shows the "Campaigns" section of the VogelAlcove web application. The top navigation bar includes links for Home, Accounts, Contacts, Leads, Opportunities, Campaigns (which is highlighted), Reports, Recurring Donations, Contact Merge, and NPSP Settings. A search bar is located at the top right. Below the navigation bar, there is a "Create New..." button and a "Recent Items" list on the left. The main area displays a table of active campaigns with columns for Action, Campaign Name, Start Date, End Date, Budgeted Cost, and Actual Cost. The table lists several campaigns, including "2015 Spring Ask", "2015 Year End Ask", "Annual Fund", "Classroom Buddy", and "Day 1 Dallas Volunte...".

This screenshot shows the "Reports & Dashboards" section of the VogelAlcove web application. The top navigation bar is similar to the previous screenshot, but the "Reports" link is highlighted. Below the navigation bar, there is a search bar and a "New Report..." button. The main area is titled "Reports & Dashboards" and contains two sections: "Folders" and "All Folders". The "Folders" section has a search bar and a list of folders, including "Unfiled Public Reports" and "My Personal Custom Reports". The "All Folders" section has a search bar and a table of reports with columns for Action, Name, Folder, and Created By. The table lists a report named "VA Data Quality".

Mission: To foster the education and development of readers, writers, and audiences by putting them in touch with quality literature, each other, and the communities in which they live and write.

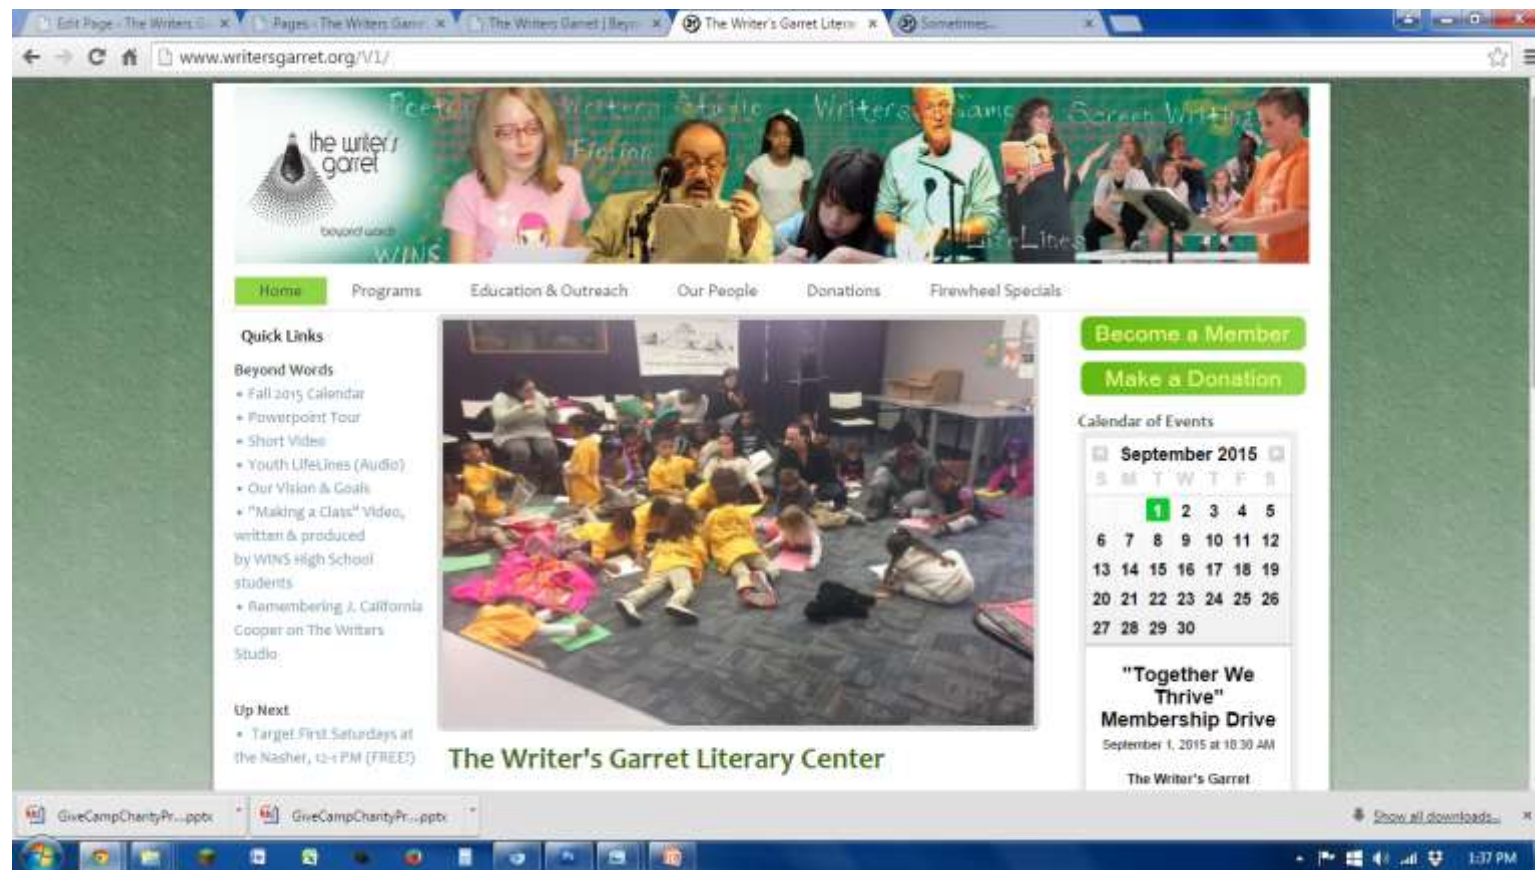

Need:

- Learning Management System (Moodle)
- Event Management System with eCommerce
- Membership solution
- Convert Site from Orchard to WordPress

- **Charity Representative:** Thea Temple
- **PM:** Chris Jung
- **Designer:** Heather Zacny

<http://www.alliesinservice.org>

Issues: Older CMS, External apps like EventBrite and Paypal were difficult to integrate and inflexible. No internal eCommerce, LMS or Event Management. Non-responsive layout.

#CODEITFORWARD

<http://www.writersgarret.org>

- Moved site to WordPress – DIVI theme (loaded with bells and whistles)
- Created a Learning Management System – Moodle
- Integrated Events Calendar with e-Commerce Solution – Events Calendar Pro with Woo Tickets
- Created a Membership Solution providing paid membership opportunities with restricted access to certain pages/elements – Woo Memberships
- Accept Donations onsite with Gravity Forms + Paypal
- **Special thanks:**
 - Frank – Noodled with Moodle
 - Barry – Owned membership from start-to-finish
 - Girish – CSS anything and Events Calendar, tickets and forms
 - ***Super thanks to rest of team.***
